

Cancer Care Survey

Gerald L. Ignace Indian Health Center and the University of Wisconsin Comprehensive Cancer Center are assessing the quality of cancer care in the Urban American Indian community.

Who is eligible to participate?

An enrolled tribal member 18 and older who in the past 5 years has or had cancer.

What does participation include?

A one-time confidential 45 minute face-to-face interview about your cancer experience.

Are there benefits to participating?

Each participant will receive a

\$25.00 gift card to Target

This information will help community members and researchers work together to make sure that American Indians living in Wisconsin receive quality cancer care.
